The background of the slide is a photograph of a sunset over a body of water. The sky is filled with soft, orange and yellow clouds, transitioning into a deep blue at the top. The water is calm, reflecting the colors of the sky and the silhouettes of a line of trees on the horizon. The trees are dark against the bright sky, and their reflections are clearly visible in the water.

Offering more when more is needed

It is undeniable that life for us all has changed since March 2020. Someone has pressed a great big 'reset' button on the way we work, rest and play. Life has changed and we must change – if we can. Well, of course we can! We can breathe deeper and think clearer. What was rushed and important is no longer so. That is not necessarily a bad thing.

There are new problems, new issues, new challenges. Our ambition is to help you meet and overcome all of those things without having to spend huge amounts of time and energy on fretting about them.

The world, which was moving rapidly in a digital direction, has just taken an electronic leap into the unknown: through necessity. Grasp and use the technology – or sit back and watch.

The world of Webs and Dark Webs, of phishing and whaling, of GDPR regulations and fines are a serious concern. To assist we have designed a package of benefits that will help – often without additional cost.

Benefit 1

Data Breach Monitoring

As a small business, you will have a small database. (As a larger business you will have a larger data-base – but it will be equally vulnerable)

We provide a data breach monitoring service. If anyone gains unauthorised access to your database we will alert you immediately: enabling you to take any remedial action appropriate to the circumstance.

This is an included/free service

Benefit 2

Registered Post and Online Signatures

Sometimes you need to send a registered letter. This facility enables you to send a registered e-mail providing full traceability and evidence that the email has been received/opened/read.

This is an included/free service

If you want, all e-mails can be sent registered – but then a small charge will apply.

Benefit 3

If you would like engage in a really useful and educational on-line course on how to avoid being caught out by any number of scams we will provide a weekly programme of easy to follow educational and interactive on-line sessions to help develop your awareness of the schemes and scams that currently manifest the digital highways . (The cost of this is just €30.00 per annum)

We believe that with membership benefits and the associated insurance we are providing a comprehensive package at an affordable cost. But we would welcome your comments as we are always striving to be the best we can be.
